About Face It

The Face It Movement launched in 2013 as an initiative led by Kosair Charities® in response to the number of child abuse deaths in the Commonwealth. Face It focuses on a three-pronged approach to addressing child abuse and neglect:

- Promote best practices in child abuse prevention and intervention
- Build awareness and engage the community
- Advocate for effective policies to improve the child welfare system.

Nearly 50 organizations—including nonprofits, government agencies, medical professionals, and school systems—are partners in the Face It Movement. Keeping kids safe is up to all of us, and when it comes to child abuse, we can all join together to face it and end it.

Face It Successes

Nine state policy wins around abuse prevention, recognition, and intervention
More than 60,000 print resources distributed across Kentucky
5,600 professionals trained, reaching more than 55,000 kids
Partners

Learn more about how our partners are keeping kids safe, and how your organization can become a partner, at faceitabuse.org/partners.
